This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

F. Pickton, Printer,
Perry's Place, 29, Oxford Street.

TO THE

KING.

MOST GRACIOUS SOVEREIGN.

THE following List, which was carefully collected by my deceased Father, when he acted as Secretary to the Honourable Commissioners, for forfeited Estates, appointed in the Reign of your Royal Father, after that unnatural Rebellion in the Year 1715, is on this Occasion most humbly presented to your Majesty, by

SIR,

YOUR MAJESTY'S

MOST DUTIFUL SUBJECT,

JAMES COSIN.

TO THE

PUBLICK.

THE following LIST of Estates, which was collected by Authority in the Year 1715, *is published at this Time, with no other View, but to assist the Magistrates, and other Officers, who shall happen to be intrusted with the Execution of such Orders of Government, as either have already been, or may hereafter be issued, for suppressing the Growth, and unhappy Effects, of the present rebellious Insurrection in the* North; *which, its hoped, will caution the Possessors of such Estates, at this Juncture, carefully to keep within the Bounds, of their known duty, to our Gracious Sovereign King* GEORGE, *and his Rightful Government over them; unto which, it is conceived, they will find themselves more especially obligated, if they only please to observe, that many of them (who in the said Year neglected to give in such a particular Account of the Value of their respective Estates, as was then under severe Penalties required of them by Law,) were never, as yet, called upon to answer for such Neglect, but gently permitted to go on quietly, and to partake equally with their Fellow-Subjects, of all that Lenity and other blessed Effects, of a mild Administration in Government, which these Kingdoms have peacefully enjoyed, ever since the most joyful and happy*

PREFACE.

Accession of his late Majesty King GEORGE the First, *to the Throne.*

N. B. *The Estates which appear to have been registered, but not valued, belong to such as neglected their Duty, in complying with the legal Orders of the Government of that Time.*
